

Diamond Environmental - independent waste management company

Diamond Environmental is an independent, customer focused Consultancy based in Cardiff, with over 20 years experience in the waste management sector.

Working in partnership with our clients, we aim to increase recycling targets, reduce waste costs and ensure their compliance with environmental legislation. We can also review utility cost expenditure.

Waste management and recycling issues can be complex and expensive. At Diamond Environmental, we offer the complete package to all types of business across the country.

Waste disposal is seen as a "back door" cost and impacts directly on all businesses profits. We can advise on the most cost effective way of handling their waste and use our knowledge and expertise to save our clients' money.

Our primary objective is to ensure our customers can cut their waste costs. We find cost effective workable solutions that will match our clients service level requirements. **Our services include:**

- Waste cost reduction
- Hazardous waste collections
- WEEE services
- Confidential waste services
- Skip hire and sales
- Clinical waste collections
- COTC cover for transfer stations
- Waste equipment sales & rental
- Cardboard and plastic collections
- Industrial waste collections
- Commercial waste collections
- Utility cost evaluation
- Health & Safety services
- UPVC window and door waste collections
